EXPLORE

JAUNE

French creator of connected and sound luminaires, Jaune Studio envisions lamps that are creative in design and innovative in the richness of their functionality.

Through our creations, we seek harmony between design, light, and music. We celebrate craftsmanship, color, attention to detail, and the timeless beauty of curves.

Our objects are designed for those who build living spaces and experiences, music enthusiasts, lovers of beautiful objects, and innovation seekers. For those who seek well-being and comfort in everyday objects without compromising the aesthetics of their surroundings.

As a young brand, manufacturer, and publisher, we combine our expertise in product design, lighting, and electronics with the sensitivity and expertise of French designers, architects, and artisans.
